Scarlett Oct 13 2019 Scarlett had hidden successfully for more years than she cared to admit. Hunted for a crime she did not commit and with a price on her head she has survived this long because she didn't allow anyone to get too close. She'd been betrayed before, a pain she never wanted to experience again. But she is about to learn the hard way that fate is a fickle and capricious creature. When Sam, the one man she never thought she'd never see again, lands in her lap with a serious case of amnesia and the message 'find Olivia' scrawled across his arm, she finds herself facing the past she tried so hard to run from. Even knowing it's a bad idea she reluctantly agrees to help him recover his memories and find the mysterious 'Olivia' so that she can send him on his way with a clear conscience, sounds so simple, right? There's just one problem. Sam's the one who betrayed her, only he has no memory of those events at all. Suddenly everything isn't so black and white and the more of Sam's memories they recover the more she questions her own memories of those dark days. Pursued by Angels and Demons alike as they tried to piece back together Sam's damaged mind, Scarlett finds the lines blurring. Unable to tell friend from foe, she has no idea who to trust with her life and Sam's, but the closer they get to the answers the more she comes to realize that the one person she needs the most is the one who hurt her in the worst way. When her enemies begin to close in she is faced with a choice, save herself or risk everything for the man who betrayed her, knowing that it may cost her her life.

The Guardians Series: A Romantic Thriller Anthology Books 1-3 Aug 03 2021 Get lost in this collection of intense, compelling romantic thrillers by award-winning author Hope Anika. The Guardians Series...where love is just the beginning, and life's greatest gifts come in small packages. Book One: The Bequest 2016 Finalist, The Daphne Du Maurier Award For Excellence in Mystery/Suspense Sometimes life surprises you... Cheyenne Elias has inherited a child. A boy she doesn't know and doesn't particularly want; a boy whose mother was once Cheyenne's most hated person in the world. There are a million reasons to walk away: her anger, her past, her certainty that there is nothing benevolent in this act by a woman who almost killed her. But abandoning the boy to a system she barely survived is not an option. Will Blackheart has lost everything. His SEAL team, his country, and—upon occasion—his mind. Worse, he's lost something that has the capacity to kill thousands. Left for dead in the Afghan desert, Will

has risen solely to regain that which was taken...and to punish those who dared take it. His only lead is the son of a dead woman. Her only goal is to save a child. As they come together in a clash of anger, mistrust, and potent, unwanted desire, Will and Cheyenne must put aside their differences and navigate the endgame of a woman for whom nothing was taboo... Book Two: Blindsided Sometimes the future starts with the past... When the boy who broke her heart crashes back into Ruby Jones's life, she's determined to give him the boot. There are some things a girl simply can't forgive, and being forgotten is at the top of the list. The last person CIA Agent Rafferty Blackheart expects to find while retrieving the message left for him by his dead partner is the childhood friend he left behind two decades earlier. But the woman he discovers bears little resemblance to the girl he remembers, and even though the sight of her breathes life into everything he's spent years fleeing, walking away from her is an impossibility. Because Rafe is on a mission, one he can't complete without Ruby. So no matter their dark history, their mutual distrust, or the intense, unwelcome pull between them, they must come together. To avenge the death of an innocent; to save a child. And to stop a madman bent on reshaping the human race. Before it's too late. Book Three: Hallowed Ground 2022 Finalist, Daphne Du Maurier Award for Excellence in Mystery/Suspense Nothing stays buried forever... After Ellie Broussard saves Sean McDougal's son from drowning, she walks away, unwilling to involve herself with the rakish Irishman and his charming boy. Ellie has suffered a devastating loss, and her world is one of chosen isolation and calculated vengeance. She has only one focus: to find the monster that stole her child and turn his world to ash. Sean can relate to Ellie's suffering. Having lost his wife to cancer, his sole focus has become raising his boy, and love...well, love can take a long walk. He's in Louisiana to locate a cache of stolen art, and even if he's taken aback—and reluctantly intrigued—by the mysterious and chilly Ellie Broussard, he knows better than to tumble down that rabbit hole. But when they're thrown together on assignment to recover the cache, Sean and Ellie have no choice but to put aside their mutual misgivings and work side by side. To share; to trust; to discover they are not as separate as they appear. And as Ellie's deadly hunt approaches its culmination, they must risk everything they hold dear to stop a murderer who is readying his next strike, and to save an orphaned girl whose only hope lies in their willingness to defy the darkness and step into the light. Call of the Phoenix Jun 01 2021 Ever since the beginning, people have shared the world with the animals. Magical guardians once guided the people to treat all Earth's creatures with reverence. Saddled with a curse that rips her world apart on a nightly basis, she decides bargaining with Hades to remove it might prove beneficial. Of course, requesting a favor from the lord of the Underworld comes with a huge price. Namely thirty days in Hell as his guest. Hades is only out for some fun, but Mia isn't playing his games. She intends to get through her agreement despite the yearning she feels for him. Problem is, the longer they are together the more she begins to see beyond the lord of evil to the troubled man beneath. Now she must decide if he is worthy of the only thing she has left to give.

Vampire's Desire: He does not trust her... Lucan has one chance to save himself before the darkness he wields consumes him. The vampire would rather damn his soul to Hell, than mate his enemy's sister. Fate hasn't left him much choice however, because it prophesies Sabin to end the brutal war on humanity. The longer he waits, the further into the shadows he slips and the closer they all come to being destroyed. She will betray him... Sabin experiences daily torture ever since her brother locked her in his hellish dungeon. The only thing that keeps her sane, is the knowledge there is one vampire destined to save her. Even when Lucan rejects the idea they could ever become mated, she knows the fate of the world depends on them being together. He is darkness; she is light, yet they need each other to survive. Evil is preparing to destroy Sabin, and with each passing second the enemy grows

stronger. Time is running out and with the Phoenix God missing, Sabin cannot fulfill the prophesy. There may be only one sacrifice left to make. Vampire's Queen: The phoenix has risen. His awakening would end the reign of terror. But when the vampire king returns as the phoenix God, things don't go as planned. With an evil demigod still loose, Aidyn must track him down and end him for good. Except, being a God now means he has to play by the rules. Ones that specify no killing their own. The phoenix may have to obey, but the vampire does not and Aidyn will do anything to protect his mate. The dragon rebels. There's a thin line between love and hate and it's one Leria walks often. Since the day she pleaded with the vampire king to spare her father's life, she has been in love with a man she scorns. Ending his life didn't make her feel any better. Matter of fact, things become complicated when he comes back as the long-awaited phoenix God and more determined than ever to claim what belongs to him. When she learns about his little secret, it's one more nail in their fated coffin, and she can no longer accept his deception. A dragon and a phoenix should be the perfect match. He has loved her since the day she was born, but in his attempts to keep his future queen safe, Aidyn has pushed Leria straight into the arms of the enemy. Now, she's in danger and he has to make a choice. Saving her might cost the life of her dragon. Letting her go will mean an eternity without her.

The Guardians Trilogy Sep 23 2020 The conflict between the Aesir and the powers of Hel, led by Loki, resulted in the prophesied battle of Ragnarök, and the death of the gods. The realms were destroyed, and with no one left to stop the surviving demons and giants from escaping what was once the realm of the gods, they crossed the Bifrost Bridge into Midgard. The Vanir managed to save two humans before Midgard was flooded, and kept them safe until the floodwaters receded. A new tribe was created, led by the Goddess Danu. This new tribe was called the Tuatha De Danann, and their mission was to return the humans to Midgard, and keep a watchful eye on them until their numbers increased. However, the years

quickly turned into centuries, and they lost their ability to feel anything but disdain. Their arrogance and vanity corrupted them, and they turned their backs on the humans... unaware that the demons and giants were encroaching upon their land. Foreseeing the end of the Tuatha De Danann at the hands of the Milesians (whose ancestors were the humans they had saved), Danu decided that the only way to ensure a future for her people while saving the humans from the encroaching demons and giants, was to insert events into the timeline that wouldn't interfere with what 'must be'... and so the story begins: *Darkness (Book 1)* Fane has made it his life's mission to destroy the creature who wiped out his entire tribe and damned him to an endless life of roaming and insatiable hunger, but when he finally catches up with him in London, he discovers that the creature has a weakness... a daughter. Whether he likes it or not, his mission is about to change. Sarah has no idea what a normal life is, but she wants one. She wants the freedom to explore the world outside the imposing mansion that is her prison. She wants to be loved, to feel passion, but her father's menacing shadow envelopes her, and it's all people see when they look at her. Except for Fane. He sees her. He wants her... but to what end? *The Lingering Shadows (Book 2)* When Divona, the Goddess of Fertility, is sent into the future in order to retrieve King Nuada's sword, she is told by Danu that she is following her destiny. However, finding the sword isn't as easy as she'd thought... and when she finds herself falling for Sef, the handsome and seductive man who has agreed to help her find the sword, she begins to wonder if her destiny is actually the sword... or him. Sef is preparing to follow in his parents' footsteps by closing the door on the past and taking a step into a new beginning, but before the first step is even taken, Divona suddenly appears in his bedchamber. The fiery-haired goddess has been sent to retrieve the sword his father was tasked to guard by the Knights Templar. The sweetly sensual, naïve and incredibly stubborn goddess inflames his senses, making him yearn for a future he had never even dared to hope for... until now. The problem is, although he can sense her attraction to him, she isn't going to let him into her heart without a fight. *The Mists of Avalon (Book 3)* Having mastered her skills as a healer and animal whisperer, Alana seeks guidance from Danu in order to help her locate her life-mate. Setting off on the greatest adventure of her life, one that will take her to the one man she can ever truly love, she travels to Glastonbury, England, in order to climb to the top of the Tor before dusk on the first day of March. When Toran comes across a female being assaulted by a man holding a knife, he takes the man out with a laser shot to the head. Pulling the dead man off of the stunned female, he's taken aback by her appearance. In a world filled with black-haired, grey-eyed people, she's like a ray of sunshine. Her golden blond hair and sparkling amber-coloured eyes make her an anomaly... and she insists she's from London! The problem is, London no longer exists. It was destroyed in the 1940's.
