Wherever I Wind Up Mar 10 2022 The perfect gift for baseball fans, now with a new epilogue by author R.A. Dickey, winner of the 2012 Cy Young award. "An astounding memoir—haunting and touching, courageous and wise."—Jeremy Schaap, bestselling author, Emmy award-winning journalist, ESPN In 1996, R.A. Dickey was the Texas Rangers' much-heralded No. 1 draft choice. Then, a routine physical revealed that his right elbow was missing its ulnar collateral ligament, and his lifelong dream—along with his \$810,000 signing bonus—was ripped away. Yet, despite twice being consigned to baseball's scrap heap, Dickey battled back. Sustained by his Christian faith, the love of his wife and children, and a relentless quest for self-awareness, Dickey is now the starting pitcher for the Toronto Blue Jays (he was previously a star pitcher for the New York Mets) and one of the National League's premier players, as well as the winner of the 2012 Cy Young award. In *Wherever I Wind Up*, Dickey eloquently shares his quintessentially American tale of overcoming extraordinary odds to achieve a game, a career, and a life unlike any other.

***The Book of Kells* Aug 03 2021** A contemporary couple journeys back in time to ancient Ireland in this delightful fantasy by the author of *Tea with the Black Dragon*. John Thornburn is an artist, mild-mannered and nonviolent. To make ends meet, he teaches some courses in Celtic design. And although his background is half Micmac Indian, he lives in Ireland for two reasons: his far more confrontational and warrior-like girlfriend, Derval O'Keane, and his fascination with the beautiful illuminated manuscript known as the Book of Kells. But he's about to take a journey to a far more distant place, one that he could not have imagined. Along with Derval, John will find himself in an ancient Celtic realm, where a Viking attack begs to be avenged and a fantastic—and sometimes terrifying—adventure awaits . . . From a master of magical fantasy, the author of the Damiano Trilogy and a winner of the John W. Campbell Award, this is a tale of warriors, love, danger, and Irish history that will cast a spell on anyone who dreams of discovering treasures in long-lost worlds.

Index to Virginia and Virginians, Eminent Virginians, by R. A. Brock Jul 22 2020
RA *The Book Vol 1* Sep 16 2022 RA: *The Book - The Recording Architecture Book of Studio Design* was first published as a single, hardcover volume in 2011 and which has sold in over fifty countries to critical acclaim. A necessarily large format dictated by the detailed drawings it contained, RA: *The Book* was unavoidably heavy and costly to produce and ship. This iBook version is the first of three stand alone volumes which will hopefully make this essential guide to recording studio design more accessible. It includes a new introduction with previously unavailable photographs. The following description is for the original hardcover: Established by Roger D'Arcy and Hugh Flynn on April 1st 1987 Recording Architecture has risen to become one of the premier recording studio design companies in the world. First Commissioned by ex Def Leppard guitarist Pete Willis for Blue Room

studios In Sheffield swiftly followed by projects such as Hulgrave Hall, for composer Keith Hopwood the company has grown to design key installations around the world. Now for the first time they will be publishing a history of these ground breaking designs covering all aspects of architectural, acoustic and interior design of these studios and spaces specifically related to sound on a project by project basis. In a Career spanning Three decades Recording Architecture has virtually unrivalled experience in the design of studios which range in size and purpose from classical orchestral, residential, mixing, mastering, post production, film dubbing, video editing and rehearsal studios over 40 countries worldwide. Stating his desire to expand awareness with the new book Roger D Arcy states Over the years, and perhaps surprisingly, the only available books on recording studio design seem to have been written by individuals with little or no qualified background in Architecture or design in the field - we are trying show the detailed architectural/acoustic input behind a successful design with each studio study showing drawings in large format . This is not a theoretical guide but a detailed presentation of tried and tested techniques as applied to real, built projects in many of the case studies, the actual drawings issued for construction are reproduced. The examples illustrate not only what we think should be done but what was in fact physically (and successfully) implemented in a wide variety of situations from small, private project studios to large, commercial land mark studios such as Lansdowne and CTS. Examples range in scope from individual spaces and rooms to multi studio facilities and cover the two principal strands of recording and mixing: MUSIC studios recording (tracking), mixing and mastering (including cutting) project to orchestral in scale examples have been taken from the private, commercial and educational sectors. POST PRODUCTION studios voice over (dubbing), FX recording (Foley), film mix studios (dubbing theatres) from small voice over studios for TV to large Dolby Premier Certified film mix theatres. Contents include hundreds of photographs together with detailed plans and construction drawings - including comprehensive specifications of materials and techniques - showing exactly how these environments were created.

Heir of Ra Feb 21 2023 An excavation of the fabled Hall of Records beneath the Sphinx unleashes an ancient disease that leaves Alyssa Morgan's father fighting for his life. As seventeen-year old Alyssa races to find a cure, she stumbles onto an impossible artifact that could unveil the link between the traceless disappearance of Atlantis and the birth of Egyptian mythology. She finds unexpected help from Oxford University student, Paul Matthews, and brilliant computer geek, Clay Obono. Together, the unlikely trio uncovers messages concealed in the relic, catapulting Alyssa into the mind of an Egyptian god. The story unfolds in two parallel timelines separated by millennia that provide the accounts of two distinct, yet ultimately linked characters: a young boy, Horus, who was exiled from his island home of Atlantis and rises to become worshipped as the falcon-headed god, and young Alyssa, who relives his memories stored in the artifact. The current and ancient tales intertwine as Alyssa evades ruthless adversaries set on conquering the power within the artifact, and she discovers the value of Horus's hybrid blood and its connection to the ancient disease. The plots crescendo to a climax beneath

the Sphinx, unveiling the origin of the mystical statue and the startling truth about Alyssa's birthright.
