Courts and Courtiers in Renaissance Northern Italy

Dec 15 2019 The extraordinary cultural Renaissance in the northern Italian courts of the late 15th and early 16th centuries is the subject of this volume. It starts with Baldessar Castiglione's Book of the Courtier (1528) which encapsulates this sense of renewal: his experiences at court and their subsequent rewriting form the backbone of the work. The author then addresses questions of biography, gender, genre, and the varied roles of the courtier, expanding the perspective of Castiglione's text to include the lives and writings of other courtiers and patrons. What was it like to be a courtier? What were the problems associated with such a lifestyle? The importance of

women in court circles is also highlighted in studies of one of the most notable of female patrons Isabella d'Este (1474-1539) and of the theoretical developments in writing about gender, stimulated by such women. Stephen Kolsky's analysis of both well-known and comparatively obscure texts brings out the diversity of practices that constituted court society and their centrality to our understanding of the Renaissance.

A History of Young People in the West Aug 23 2020

Brought together by Giovanni Levi and Jean-Claude Schmitt, a company of gifted historians and social scientists traces the changing character and status of young people from the gymnasia of ancient Greece to the lycées of modern France, from the sweatshops of the industrial revolution to the

crucibles of Nazi youth.

Dante e le origini della lingua e della letteratura italiana Feb 09 2022

The Arthur of the Italians

Aug 03 2021 This is the first comprehensive book on the Arthurian legend in medieval and Renaissance Italy since Edmund Gardner's 1930 *The Arthurian Legend in Italian Literature*. Arthurian material reached all levels of Italian society, from princely courts with their luxury books and frescoed palaces, to the merchant classes and even popular audiences in the piazza, which enjoyed shorter retellings in verse and prose. Unique assemblages emerge on Italian soil, such as the *Compilation of Rustichello da Pisa* or the innovative *Tavola Ritonda*, in versions made for both Tuscany and the Po Valley. Chapters examine the transmission of the French romances across Italy; reworkings in various Italian regional dialects; the textual relations of the prose *Tristan*; narrative structures employed by Italian writers; later ottava

rima poetic versions in the new medium of printed books; the Arthurian-themed art of the Middle Ages and Renaissance; and more. The Arthur of the Italians offers a rich corpus of new criticism by scholars who have brought the Italian Arthurian material back into critical conversation.

Crusades Jul 02 2021

Crusades covers seven hundred years from the First Crusade (1095-1102) to the fall of Malta (1798) and draws together scholars working on theatres of war, their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology, law, literature, art, numismatics and economic, social, political and military history. Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East. Particular attention is given to the publication of historical sources in all relevant languages - narrative, homiletic and documentary - in trustworthy editions, but studies and interpretative

essays are welcomed too.

Crusades appears in both print and online editions. In this issue, Jonathan Riley-Smith studies the death and burial of Latin Christian pilgrims to Jerusalem and Acre and Andrew Jotischky studies the Christians of Jerusalem, the Holy Sepulchre and the origins of the First Crusade.

The 'Other', Identity, and Memory in Early Medieval Italy Nov 06 2021 The political fragmentation of Italy—created by Charlemagne's conquest of a part of the Lombard kingdom in 774 and the weakening of the Byzantine Empire in the eighth and ninth centuries—,

the conquest of Sicily by the Muslims in the ninth century, and the Norman 'conquest' of southern Italy in the second half of the eleventh century favored the creation of areas inhabited by persons with different ethnic, religious, and cultural background. Moreover, this period witnessed the increase in production of historical writing in different parts of Italy. Taking advantage of these features, this volume presents some case studies about the manner in which 'others' were perceived, what was known about them, the role of identity, and the use of the past in early medieval Italy (ninth - eleventh centuries) focusing in particular on how early medieval Italian authors portrayed that period and were, sometimes, influenced by their own 'present' in their reconstruction of the past. The book will appeal to scholars and students of otherness, identity, and memory in early medieval Italy, as well as all those interested in medieval Europe.

*La «cavalleria umanistica»
italiana / The Italian*

"Humanistic Chivalry" Jul 14

2022 This book aims to contribute to the knowledge of the cultural and linguistic relations between Italy and the Crown of Aragon in the 15th century. In particular, it studies some relevant aspects of the chivalric romance entitled *Curial e Guelfa*, written in Italy around 1443-1448 in Catalan, but mainly Italian in spirit, sources and onomastics. It is probably the very first work of a genre known as "humanistic chivalry", the epitome of which will be Ariosto's *Orlando furioso*. The literary context of Milan and Naples (The Three Crowns, Troubadour Lyrics, Humanism) is analyzed in the first part of the volume. It is

this context that made possible the gestation of the *Curial*, an extraordinary anonymous romance, which was most likely written by the knight Enyego d'Àvalos (Inico d'Avalos), born in Toledo but raised in Valencia. The second part of the volume is devoted to the study of some lexical, stylistic and syntactic aspects of the *Curial*, which show the author's excellent knowledge of Catalan and the constant influence of Italian in the romance. Questo libro si propone di contribuire alla conoscenza delle relazioni culturali tra l'Italia e la Corona d'Aragona nel XV secolo. In particolare, studia il romanzo dal titolo *Curial e Güelfa*, scritto in Italia intorno al 1443-1448, dotato di italianità, fonti e onomastica, ma scritto in catalano. È probabilmente la primissima opera di un genere noto come "cavalleria umanistica", la cui epitome sarebbe l'*Orlando Furioso* dell'Ariosto. Questo volume analizza il contesto letterario di Milano e Napoli che ha reso possibile questo straordinario

romanzo anonimo, di cui conosciamo ormai con quasi assoluta certezza che il suo autore era Enyego o Inico d'Avalos. I contributi in questo volume approfondiscono alcuni degli aspetti lessicali, stilistici e sintattici di Curial e Güelfa, e mettono in evidenza l'eccellente conoscenza del catalano da parte del suo autore, nonché la presenza onnipresente della lingua italiana. El libro pretende contribuir al conocimiento de las relaciones culturales entre Italia y la Corona de Aragón en el siglo XV. En concreto se ocupa de la novela Curial e Güelfa , gestada en Italia hacia 1443-1448, de espíritu, fuentes y onomástica principalmente italianos, pero redactada en lengua catalana. Es probablemente la manifestación más primeriza del género literario conocido como "caballería humanística", que tendrá su punto culminante con el Orlando furioso, d'Ariosto. Este volumen analiza el contexto literario de Milán y Nápoles que hizo posible esta

extraordinaria novela anónima, de la que ahora sabemos con casi absoluta certeza que su autor fue Enyego o Inico d'Avalos. Las contribuciones de este volumen profundizan en algunos de los aspectos léxicos, estilísticos y sintácticos de Curial e Güelfa, y destacan el excelente conocimiento del catalán de su autor, así como la presencia omnipresente de la lengua italiana.

[The Little History of the Lombards of Benevento by Erchempert](#) Sep 04 2021

This volume presents the analysis, English translation, and critical edition of the Latin text of *The Little History of the Lombards of Benevento*, thus offering an important contribution for a better understanding of early medieval southern Italian (and Mediterranean) history. In the 840s, having passed the danger of subjugation by

Charlemagne, southern Italy's Lombards experienced a bloody civil war that put an end to their unity and turned southern Italy into the playground of several

competing powers: Lombard lords, the Neapolitans, the Frankish and the Byzantine Empires, the Muslims, and, sometimes, even the papacy. At the end of the ninth century, the Cassinese monk Erchempert composed a chronicle about this period that blamed the southern Lombard leaders for the terrible crisis of southern Italy. It was Erchempert's desire that future generations could learn from the folly of their forbearers, and his chronicle has since become the most relevant source for southern Italy between the 770s and the 880s. The book will appeal to scholars and students of chronicles, Lombards, Franks, Byzantines, and Muslims in early medieval Italy, as well as all those interested in medieval Europe.
