Home Decor in 2012 as a creative outlet during a transitional time in her life. Farah was about to graduate college and planned to attend law school. Going through the motions and feeling unfulfilled in her career choice, she built up the courage to face her truth. Taking time off to figure herself out, Farah, through a remodel project in her home, had her "ah-ha" moment. The importance of taking care of your home, specifically in the way you clean, organize, and design, was instilled in her at a young age, but she didn't realize how much of an impact her upbringing had until she owned her own home. Farah knew she had found her passion and calling, and was determined to inspire home owners to live their best lives in their homes. Farah believes that taking care of your home is essential to your peace of mind. Her design style is elegant and glamorous but infused with warmth and coziness, creating a welcoming feel with neutral color palletes, soft and inviting fabrics, and exquisite design details that can work in any room. She believes you can make a statement without sacrificing an inviting feel to your rooms. There is no right and wrong when it comes to designing your home and Farah encourages you to focus on the overall look and feel you desire, and her tips and advice will help guide you through the process. Starting with her most frequently asked questions about paint color versus wallpaper, lighting and rugs, home organization, and of course styling, Farah walks you through every room in the house from the mudroom to the kitchen and kids' bedrooms. Along the way, she includes quick seasonal updates on a budget, suggested routines for maintaining your space, and her unique reward system, which includes small styling vignettes around your home. Woven throughout are Farah's personal stories that will feel like you're getting design advice from a close friend. Everyone deserves to walk into a beautifully decorated home every day—now you can, with the inspiration and practical tips in Inspire Your Home.

[How To Make It in the New Music Business](#) Jul 05 2021 "Ari is at the front of the front. He gets it. I've read a hundred how-to-make-it-in-the-music-biz books, and this one is today's definitive, comprehensive manual."

—Jack Conte, 150+ million YouTube views, Pomplamoose, CEO of Patreon Forget everything you think you know about the odds of "making it" in the music industry. Today, odds mean nothing and success is not about lucky breaks. It's about conquering social media, mastering the art of merchandising and simply working harder and being smarter than everyone else. We are living in the midst of an industry renaissance, one that has left the record companies desperately struggling to maintain their prominence, as a subculture of dedicated, DIY (do-it-yourself) musicians have taken over. These days talent is a given and success has to be earned. In 2008, Ari Herstand boldly turned in his green Starbucks apron to his manager, determined to make a living off his craft as a singer/songwriter. Almost a decade later, he has become a founding member of the new DIY movement and a self-sustaining musician, all without the help of a major label. Now, drawing from years of experience, Herstand has written the definitive guide for other like-minded artists, the ones who want to forge their own path and not follow the traditional markers of success, like record sales, hits on the radio or the amount of your label advance. Incredibly comprehensive and brutally honest throughout, How to Make It in the New Music Business covers every facet of the "new" business, including how to: Build a grass-roots fan base—and understand the modern fan Book a profitable tour, and tips for playing live, such as opening vs. headlining etiquette, and putting on a memorable show Become popular on YouTube, Spotify and SoundCloud Get songs placed in film and television Earn royalties you didn't know existed and reach your crowdfunding goals Musicians will not only be introduced to all the tools available today but will be shown how to effectively leverage them to actually make money. More important, they will develop the mindset to be aware of new advancements both online and in the real world and always stay in tune with a constantly evolving landscape. There has never been a better time to be an independent musician. Today, fans can communicate with their idols by simply picking up their phones, artists are able to produce studio-worthy content from their basement and albums are funded not by "record men" but by generous, engaged supporters. As result, How to Make It in the New Music Business is a must-have guide for anyone hoping to navigate the increasingly complex yet advantageous landscape that is the modern music industry.

Hypnobirthing May 03 2021 THIS BOOK WILL MAKE YOUR BIRTH BETTER. IT IS FOR EVERY WOMAN AND EVERY TYPE OF BIRTH. AS FEATURED ON DRAGONS' DEN. 'Siobhan manages to completely demystify hypnobirthing, making it accessible and relevant to all women and all births. This book will be a complete game changer and I will be recommending it to mums-to-be from now on' Sarah Turner, author of The Unmumsy Mum Expert hypnobirthing teacher and founder of The Positive Birth Company Siobhan Miller has made it her mission to change the way women around the world approach and experience birth. Through her teaching she seeks to educate and empower women - and their birth partners - so that they can enjoy amazing and positive birth experiences, however they choose to bring their babies into the world. In this book, Siobhan debunks common myths about hypnobirthing and explains why she believes it can make every type of birth a better experience - from a water birth at home to an unplanned caesarean in theatre. So, what is hypnobirthing? Essentially, it's a form of antenatal education, an approach to birth that is both evidence-based and logical. Hypnobirthing certainly doesn't involve being hypnotised; instead, it teaches you how your body works on a muscular and hormonal level when in labour and how you can use various relaxation techniques to ensure you are working with your body (rather than against it), making birth more efficient and comfortable. Siobhan's advice and guidance will change your mindset and enable you to navigate your birth with practical tools that ensure you feel calm and in control throughout. [Make Your Bed](#) Feb 24 2023 Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "Powerful." --USA Today "Full of captivating personal anecdotes from inside the national security vault." --Washington Post "Superb, smart, and succinct." --Forbes
