**Visions of Vocation** Apr 30 2021 Vocation is more than a job. It is our relationships and responsibilities woven into the work of God. In following our calling to seek the welfare of our world, we find that it flourishes and so do we. Garber offers here a book for parents, artists, students, public servants and businesspeople—for all who want to discover the virtue of vocation.

Choosing a Vocation Aug 03 2021 Excerpt from Choosing a Vocation The manuscript of this book was practically ready for publication when Professor Parsons died. For a year prior to his death he had given a large part of his time to Vocation Bureau work. Some of the material here used appeared in articles in The Arena, and a number of the "cases" in Part III have been published in the daily papers of Boston and New York. The appearance of these articles brought hundreds of letters of inquiry from all parts of the United States, expressing interest in the effort to give scientific vocational counsel to the young. That Professor Parsons would have carried the plan to a greater completeness had he lived, there is no doubt; but the work that he did do is of such value that it is believed many will be grateful to get such information about it as can be given in this volume. Whatever doubts there may be of the practicability of giving expert vocational counsel to young men and women, there are certain simple truths upon which the plan is based, and which I believe no one will deny. 1. It is better to choose a vocation than merely to "hunt a job." 2. No one should choose a vocation without careful self-analysis, thorough, honest, and under guidance. 3. The youth should have a large survey of the field of vocations, and not simply drop into the convenient or accidental position. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections

**Vocation** Dec 07 2021 The Protestant doctrine of vocation has had a profound influence on American culture, but in recent years central tenets of this doctrine have come under assault. *Vocation: Discerning Our Callings in Life* explores current responses to the classic view of vocation and offers a revised statement and application of this doctrine for contemporary North American Christians. According to Douglas Schuurman, many Christians today find it both strange and difficult to interpret their social, economic, political, and cultural lives as responses to God's calling. To renew this biblical perspective, Schuurman argues, Christians must recover the language, meaning, and reality of life as vocation, and his book helps do just that. Developed in dialogue with audiences as diverse as college students, industrial workers, business leaders, church leaders, and professional theologians and ethicists, the book examines the theological and ethical dimensions of vocation as these have been understood historically and in relation to our modern social setting.

*Vocation and the Politics of Work* Oct 13 2019 This book surveys the theological and cultural appropriations of the Protestant concept of vocation in order to argue for a vocation that has political traction in modern workplaces. It uniquely brings together insights from recent works in political theology and consumer culture studies along with analyses of self-help literature to accomplish this task.
