BESTSELLER •**

This “excellent, all-embracing” (The New York Times) biography of Queen Elizabeth II is a magisterial study of the woman known only from a distance—and a captivating window into her decades-long reign. From the moment of her ascension to the

throne in 1952 at the age of twenty-five, Queen Elizabeth II was the object of unparalleled scrutiny. But through the fog of glamour and gossip, how well did we really know the world’s most famous monarch? Drawing on numerous interviews and never-before-revealed documents, acclaimed biographer Sally Bedell Smith pulls back the curtain to show in intimate detail the public and private lives of Queen Elizabeth II, who led her country and Commonwealth through the wars and upheavals of the last twentieth and twenty-first centuries with

unparalleled composure, intelligence, and grace. In Elizabeth the Queen, we meet the young girl who suddenly becomes “heiress presumptive” when her uncle abdicates the throne. We meet the thirteen-year-old Lilibet as she falls in love with a young navy cadet named Philip and becomes determined to marry him, even though her parents prefer wealthier English aristocrats. We see the teenage Lilibet repairing army trucks during World War II and standing with Winston Churchill on the balcony of Buckingham Palace on V-E Day. We see the young Queen struggling to balance the

demands of her job with her role as the mother of two young children. Sally Bedell Smith brings us inside the palace doors and into the Queen's daily routines—the "red boxes" of documents she reviewed each day, the weekly meetings she had with twelve prime ministers, her physically demanding tours abroad, and the constant scrutiny of the press—as well as her personal relationships: with her husband, Prince Philip, the love of her life; her children and their often-disastrous marriages; her grandchildren and friends.

**Charles: The Heart of a King**

May 16 2022 The

Sunday Times Top Ten Bestseller 'Breathtaking' The Times '[The book that] made headlines around the world.'

Independent The former Prince of Wales has lived his whole life in the public eye, yet he remains an enigma. He was born to be king, but he aims much higher. A landmark publication, Charles: The Heart of a King reveals Prince Charles in all his complexity: the passionate views that mean he will never be as remote and impartial as his mother; the compulsion to make a difference and the many and startling ways in which the Prince and now King of the United

Kingdom and fifteen other realms has already made his mark. The book offers fresh and fascinating insights into the first marriage that did so much to define him and an assessment of his relationship with the woman he calls, with unintended accuracy, his 'dearest wife': Camilla, now Queen Consort. We see Charles as a father and a friend, a serious figure and a joker. Life at court turns out to be full of hidden dangers and unexpected comedy. Now, updated and revised with a new preface and two new chapters - covering details of Harry and Meghan's exit and its implications, the

cash-for-honours scandal, Prince Andrew, and more - this significant study reveals a monarchy threatened and a man in sight of happiness yet still driven by anguish and a remarkable belief system, a charitable entrepreneur, activist, agitator and avatar of the Establishment who just as often tilts against it. Based on multiple interviews with his friends and courtiers, palace insiders and critics, and rare access to Charles himself, before his kingship, this biography explores the Prince's philanthropy and his compulsive interventionism, his faith, his significant impact on politics

and the philosophy that means when he seeks harmony he sometimes creates controversy. Gripping, at times astonishing, often laugh-out-loud, this is a royal biography unlike any other. 'A must-read ... this important book is nothing short of a manual to our future King's worldview' GQ 'A sustained piece of higher journalism' Independent **Biography from Charles Leichsenring** Jul 06 2021 To Colorado, 1859; at Denver since 1870; construction work and other activities; mining at Leadville. *Charles Wesley* Mar 14 2022 The first major biography of Charles Wesley for over a century and a half. Here at last

is his true contribution uncovered. This is not only the history of one man but of a movement, rich in characters, whose personal links with the man made for friendship account for some of the major developments of eighteenth-century Christian history and beyond. Prince Charles Jan 24 2023 NEW YORK TIMES BESTSELLER • The life and loves of Prince Charles are illuminated in a major new biography from the New York Times bestselling author of *Elizabeth the Queen*—perfect for fans of *The Crown*. Sally Bedell Smith returns once again to the British royal family to give us a new look at Prince

Charles, the oldest heir to the throne in more than three hundred years. This vivid, eye-opening biography—the product of four years of research and hundreds of interviews with palace officials, former girlfriends, spiritual gurus, and more, some speaking on the record for the first time—is the first authoritative treatment of Charles’s life that sheds light on the death of Diana, his marriage to Camilla, and his preparations to take the throne one day. Prince Charles brings to life the real man, with all of his ambitions, insecurities, and convictions. It begins with his lonely childhood, in

which he struggled to live up to his father’s expectations and sought companionship from the Queen Mother and his great-uncle Lord Mountbatten. It follows him through difficult years at school, his early love affairs, his intellectual quests, his entrepreneurial pursuits, and his intense search for spiritual meaning. It tells of the tragedy of his marriage to Diana; his eventual reunion with his true love, Camilla; and his relationships with William, Kate, Harry, and his grandchildren. Ranging from his glamorous palaces to his country homes, from his

globe-trotting travels to his local initiatives, Smith shows how Prince Charles possesses a fiercely independent spirit and yet has spent more than six decades waiting for his destined role, living a life dictated by protocols he often struggles to obey. With keen insight and the discovery of unexpected new details, Smith lays bare the contradictions of a man who is more complicated, tragic, and compelling than we knew, until now. Praise for Prince Charles “[Smith] understands the British upper classes and aristocracy (including the royals) very well

indeed. . . . [She] makes many telling, shrewd points in pursuit of realigning the popular image of Prince Charles.”—William Boyd, *The New York Times Book Review* “[A] masterly account.”—The *Wall Street Journal* “Thoroughly researched and insightful . . . In this profile, it is clear [Smith] got inside the circular barriers that protect the man and his position. The Charles that emerges is, as the subtitle suggests, both a paradox and a creature of his passions.”—The *Washington Times* “[A] compellingly juicy bio . . . Windsor-philes will be

mesmerized.”—People “Prince Charles paints an affectingly human portrait. . . . Smith writes about [Charles’s life] with a skill and sympathy she perfected in her 2012 biography of Charles’s mother.”—The *Christian Science Monitor* “Comprehensive and admirably fair . . . Until his accession to the throne, Smith’s portrait will stand as the definitive study.”—Booklist (starred review) “[A] fascinating book that is not just about a man who would be king, but also about the duties that come with privilege.”—Walter Isaacson “Sally Bedell Smith has

given us a complete and compelling portrait of the man in the shadow of the throne. It’s all here, from the back stairs of the palaces to the front pages of the tabs.”—Tom Brokaw [Charles Corm Dec 23 2022](#) Charles Corm: An Intellectual Biography of a Twentieth-Century Lebanese “Young Phoenician” delves into the history of the modern Middle East and an inquiry into Lebanese intellectual, cultural, and political life as incarnated in the ideas, and as illustrated by the times, works, and activities of Charles Corm (1894–1963). *Timothy Dwight, 1752-1817, a Biography*, by

*Charles E. Cuninghame* Nov 17 2019  
*Sir Bob Charles* Aug 27 2020  
Sir Bob Charles - The Biography' is the first comprehensive biography of Sir Bob Charles. His story begins in working-class rural New Zealand. In 1960 he embarked upon a career that no New Zealander had chosen before - that of a full-time touring professional golfer. The pressure was on the young Kiwi golfer as he took off around the world, with 350 in travellers' cheques to fund his new career. If he did not play well enough his cash would run out and he would be back in Christchurch as a teller for the National Bank of

New Zealand. That prospect alone spurred his success. The book is an account of his 50 years touring the world with his golf clubs. The reader will encounter the key characters in the story who supported the young golfer on his way to the very top of his sport. You will meet Ivor and Phyl Charles, his wife Verity, mentor Ian Cromb and his agent Mark McCormack. There are over 150 stunning photos in the book, many from the Charles family's own collection. Combined with the narrative the images provide the complete picture of a notable New Zealand life. Bob Charles competed

in the "golden age" of professional golf in the 1960s and 1970s. He played with, and at times defeated, each member of the "Big Three". The televising of golf from the early 1960s created an explosion in enthusiasm for the game. During this period, he acquired the title of the "best putter in the world" in the eyes of both journalists and fellow competitors. His senior career delivered another 20 years of success in the game he loved. For the first 10 years on the Senior PGA Tour from 1986 he became the man to beat. The book chronicles the success of Bob Charles as a golfer - but there is more to

the man than that. With his 1999 knighthood and his elevation to the Order of New Zealand in 2011 he has been honoured not only for his success as a golfer but also for the way he has lived his life. His enduring and happy marriage to Verity and the closeness of his relationship to his children and grandchildren form an important part of the story. Verity's contribution to his career was enormous as Bob was able to travel the world, focusing solely on competing and succeeding at the highest level in his sport. Sir Bob Charles - The Biography is an in-depth study of the life and times of this great New

Zealand sportsman. "Sir Bob Charles - the greatest Kiwi golfer of all. I may be accused of bias in describing the left-hander as the best New Zealand golfer of all. If we look at his record that lasted more than 50 years, I believe there is no argument." Bob Glading. New Zealand Open Champion 1946, 1947. Writing for The Cut magazine, 2008.

*Charles Apr 03 2021*

**Charles, the Alternative Prince**

Feb 25 2023 Prince Charles has entertained a long-standing love affair with alternative medicine. This book describes his passion as it developed during the last 40 years. The Prince's beliefs, opinions, and ambitions are critically assessed against the background of the scientific evidence. In most instances, the contrast could not be starker. Thus, Charles' tenacious

promotion of unproven, disproven, and occasionally harmful alternative therapies turns out to be little more than the pipe dream of a self-declared enemy of the Enlightenment. The book portrays our future king, reviews the evidence on alternative medicine, and inspires critical thinking.

The White King Oct 17 2019 From the New York Times bestselling author and master of narrative nonfiction comes the tragic story of Charles I, his warrior queen, Britain's civil wars and the trial for his life. Less than forty years after England's golden age under Elizabeth

I, the country was at war with itself. Split between loyalty to the Crown or to Parliament, war raged on English soil. The English Civil War would set family against family, friend against friend, and its casualties were immense--a greater proportion of the population died than in World War I. At the head of the disintegrating kingdom was King Charles I. In this vivid portrait -- informed by previously unseen manuscripts, including royal correspondence between the king and his queen -- Leanda de Lisle depicts a man who was principled and brave, but fatally blinkered. Charles

never understood his own subjects or court intrigue. At the heart of the drama were the Janus-faced cousins who befriended and betrayed him -- Henry Holland, his peacocking servant whose brother, the New England colonialist Robert Warwick, engineered the king's fall; and Lucy Carlisle, the magnetic 'last Boleyn girl' and faithless favorite of Charles's maligned and fearless queen. The tragedy of Charles I was that he fell not as a consequence of vice or wickedness, but of his human flaws and misjudgments. The White King is a story for our times, of populist politicians and religious war, of

manipulative media and the reshaping of nations. For Charles it ended on the scaffold, condemned as a traitor and murderer, yet lauded also as a martyr, his reign destined to sow the seeds of democracy in Britain and the New World. Charles de Gaulle May 04 2021 This is the first book to combine a comprehensive historical analysis of Charles de Gaulle and Gaullism with a selection of related documents. In a compelling narrative, Cogan examines the three major stages of de Gaulle's career, he also assesses the Gaullist movement and its legacy for France, for Europe, and for

transatlantic relations. A collection of 25 primary sources - many of which have never before been published in English - allows a firsthand reading and analysis of an array of government documents, interviews, press conferences, and excerpts from de Gaulle's memoirs and speeches. Maps and photographs throughout, a headnote for each document, a chronology, questions for consideration, and suggestions for further reading help make this book a fascinating resource.

**Charles Hillman Brough** Jan 20 2020 A dignified man with a Ph. D. from Johns Hopkins University, Brough was also known as a brilliant orator, a college professor with a photographic memory, an enthusiastic Baptist, yet a confirmed racist, unable to leave parts of the Old South behind.  
*Schulz and Peanuts* Jun 05 2021

Charles M. Schulz, the most widely syndicated and beloved cartoonist of all time, is also one of the least understood figures in American culture. Now, acclaimed biographer David Michaelis gives us the first full-length biography of the brilliant, unseen man behind Peanuts: at once a creation story, a portrait of a native genius, and a chronicle contrasting the private man with the central role he played in shaping the national imagination. Schulz and Peanuts is the definitive epic biography of an American icon and the unforgettable characters he created.

**King Charles** Oct 29 2020 An exhaustive and revealing biography of Britain's new monarch, King Charles III, with fresh reporting by the journalist the Wall Street Journal dubbed "the Godfather of royal reporting." With exclusive interviews and extensive research, King Charles delivers definitive insight into the extraordinary life of His Royal Highness, former Prince of Wales, as he takes the throne, a watershed moment in modern history and in the British monarchy. New York Times bestselling author Robert Jobson debunks the myths about the man who became king, going

beyond banal, bogus media caricatures of Charles to tell his true story. Jobson—who has spent nearly thirty years chronicling the House of Windsor, and has met Charles on countless occasions—received unprecedented cooperation from Clarence House, what was the Prince's office, in writing this illuminating biography. King Charles divulges the full range of Charles's profoundly held political beliefs: the United Kingdom's special relationship to the United States, climate change, Brexit, and immigration—to ultimately portray the kind of monarch

Charles III will be. Jobson taps a number of sources close to the now-King who have never spoken on the record before, plus members of the Royal Household who have served Charles during his decades of public life. This comprehensive profile also reveals the late Queen Elizabeth's plans to transition Charles to the throne; how at her insistence he already reads all government briefings; and why he feels it is his constitutional duty to relay his thoughts to ministers in his controversial "black spider memos." Moreover, King Charles reveals the truth about Charles's deeply

loving but occasionally volatile relationship with his second wife and chief supporter, Camilla. The result is an intriguing new portrait of a man who at last has become king.

A Wakeful Watch: The Authorized Biography of Charles Lindbergh

Armstrong MD Nov 29 2020 A Biography of Charles Lindbergh Armstrong MD., the son of U.S. Congressman from Missouri, O.K. Armstrong. This is Charles story of his upbringing, the Armstrong family history, his college years and his service in Vietnam as an Army Flight-Surgeon. It concludes with Charles battle and victory over throat cancer. The biography was developed by Martin Capages Jr. PhD at the request of the Armstrong family. The preponderance of material included in the biography was originally drafted by Dr. Armstorng in the years preceding his death at age 76

in 2017. It includes a personal history of the Charles' father, O.K. Armstrong that was developed by Dr. Armstrong from taped interviews of the late Congressman (and noted Reader's Digest author) in his later years, the impact of his father's career on Charles' own life, his struggle with the death of his mother. Louise Armstrong, the challenges and triumphs of medical school, service as an Army Flight-Surgeon in Vietnam, and battle with throat cancer as seen from the eyes of a surgeon. The biography was reviewed for accuracy by Dr. Armstrong's remaining siblings,

O.K. Armstrong Jr., Stanley Armstrong and Milton Armstrong. The Armstrong family provided the photographs included in the manuscript.

**Charles Bianconi**

Jun 24 2020

**Rebel Prince** Aug 19 2022 'The pampered, petulant, self-pitying Prince. A devastating book by Britain's top investigative author' Daily Mail 'Explosive new book delves inside the bizarre, ultra luxury world of Prince Charles' The Sun Best-selling author Tom Bower reveals the power, passion and defiance of Prince Charles. Few heirs to the throne have suffered as much humiliation as Prince Charles.

Despite his hard work and genuine concern for the disadvantaged, he has struggled to overcome his unpopularity. After Diana's death, his approval rating crashed to 4% and has been only rescued by his marriage to Camilla. Nevertheless, just one third of Britons now support him to be the next king. Many still fear that his accession to the throne will cause a constitutional crisis. That mistrust climaxed in the aftermath of the trial of Paul Burrell, Diana's butler, acquitted after the Queen's sensational 'recollection'. In unearthing many secrets surrounding that and many other dramas,

Bower's book, relying on the testimony from over 120 people employed or welcomed into the inner sanctum of Clarence House, reveals a royal household rife with intrigue and misconduct. The result is a book which uniquely will probe into the character and court of the Charles that no one, until now, has seen. *Darwin* Dec 19 2019 Darwin: A Graphic Biography is an inspiring expedition into the physical and intellectual adventures of Charles Darwin. Presenting Darwin's life in a smart and entertaining graphic novel, Darwin: A Graphic Biography attempts

to not only educate the reader about Darwin but also the scientific world of the 1800s. The graphic medium is ideal for recreating a very specific time frame, succeeding in placing the reader right next to a young Darwin on a "beetling" expedition. With specimens in both hands, and anxious to get another, Darwin ends up stuffing the third beetle into his mouth. Darwin's life presented in this form is an inspirational tale for kids of all ages. They'll be sure to identify with a curious young Darwin finding his way on youthful adventures in the fields near his house. The ups, downs, and near-

misses of Darwin's youth are portrayed honestly and without foreshadowing of his later fame. This is a key point for younger readers: that Darwin wasn't somehow predestined to greatness. He was curious, patient, and meticulous. He persevered--a great lesson about what science is all about.

**The Menninger Story** Mar 22 2020  
Genalogical [sic] Biography of Charles T. and Mary E. Clark Andrews Jul 26 2020

**Victorious Charles** Oct 21 2022  
Victorious Charles: A Ladies' Man is a fascinating historical account of the lives of the nobility and the poor in 15th

Century France, under the reign of King Charles VII. Charles VII was a warrior King who reigned at the time of France's decades-long war against Henry V's England. Charles is also often remembered for his numerous high-profile affairs, including one with the beautiful Agnes Sorel, known at the time as the Dame de Beaute. The book explores Charles' youth, his crazy mother, and the positive influence of his aunt, Yolande d'Aragon. Charles ruled during the time of Joan of Arc, "The Virgin Warrior" who fought valiantly for France in the war. She delivered Orleans from the

English, before being burned at the stake after a religious court sentenced her to death, proclaiming her a sorceress. The late Caroline (Cally) Rogers Neill Sehnaoui was born in 1944 in Manchester, NH to a 16th generation American family of English and Scottish descent. Her father was educated at West Point and Princeton, and her mother's ancestor was William Barton Rogers, who founded MIT in 1861.

*Charles Dickens in Context* Feb 19

2020 Charles Dickens, a man so

representative of his age as to have become considered synonymous with it, demands to be read in context. This book illuminates the worlds - social, political, economic and artistic - in which Dickens worked. Dickens's professional life encompassed work as a novelist, journalist, editor, public reader and passionate advocate of social reform. This volume offers a detailed treatment of Dickens in each of these roles, exploring the central features of

Dickens's age, work and legacy, and uncovering sometimes surprising faces of the man and of the range of Dickens industries. Through 45 digestible short chapters written by a leading expert on each topic, a rounded picture emerges of Dickens's engagement with his time, the influence of his works and the ways he has been read, adapted and re-imagined from the nineteenth century to the present.

### **The Prince of Wales** Oct 09 2021

For this controversial, headline-making study of the heir to the throne, Dimbleby spent hours in candid conversations with the prince, his personal staff, and close friends, and was given access to the prince's letters, private diaries, and journals. An intimate portrait of a life trapped by destiny, *The Prince of Wales* offers unique insight into the man born to be King. of photos. 8-page color insert.
