Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together. Bringing together Lewis' legendary broadcast talks during World War Two from his three previous books The Case for Christianity, Christian Behavior, and Beyond Personality, Mere Christianity provides an unequalled opportunity for believers and nonbelievers alike to hear this powerful apologetic for the Christian faith. Based on the "New York Times"-bestselling work "Fasting," this five-week interactive study

resource package is perfect for both individuals and small groups interested in gaining understanding, growing their faith, and drawing closer to God. "How do I know that God is real? Is the Bible really the Word of God, or is it just an ancient book? Why are Christians so exclusive? Is there really only one way to heaven? All of these are tough questions, but in The God Questions, they are addressed head on with hard-hitting facts that tell the truth. The God Questions gives brief, simple, and easy to understand answers to the eight key questions everyone asks about Christianity. Divided in 40 short, readable chapters, this book will help you understand God and the universe He created."--Book cover
